### WHAT IS IT?

Organo™ Café Latte is a delicious blend of robust espresso style coffee and milk. Our finest quality Arabica beans and Ganoderma are blended with cream and sugar for a light, creamy latte -- minus the wait in line!

### KEY INGREDIENTS

**Arabica coffee** –Arabica coffee is the finest, richest coffee in the world. The beans we use have a unique sweet-soft flavor. The unroasted beans smell like blueberry and once roasted, they yield a floral/fruit floral scent that speaks to its soft flavor. They are grown at higher altitudes than other coffee beans, in cool, subtropical climates.

**Fiber** – each Café Latte has 2 gr of fiber.

**Ganoderma** – also known as the red Reishi mushroom, this mild flavor adds a note of depth to the coffee flavor and brings it's own benefits. Ganoderma mushrooms provide triterpenoids and amino acids.

Ganoderma has been used in traditional Asian culture for thousands of years. The name Ganoderma means "spiritual potency", while the Japanese name Reishi can be translated as "King of Herbs".
