

FENIX XTTM

ADVANCED ENERGY DRINK MIX

MANGO PEACH FLAVOR

This refreshing mango peach flavored powdered energy drink mix helps support energy, stamina and performance.

WHAT IS THE FENIX XTTM ?

Organo FENIX XT is a refreshing mango peach powdered energy drink mix that can be added to water, juice, lemonade, tea or other beverages whenever you want a healthy pick me up. It can also be added to your ogxFENIXTM shake for an energizing pick me up with great mango peach flavor!

It can help support energy, stamina, focus, and has antioxidants to help you defend your health. It is lower sugar at 5 g per serving vs. other sugary energy drinks that can lift you up and let you crash. It also contains less caffeine and taurine -the components in other energy drinks that can make you feel wired or 'jittery'. Contains 100 mg natural caffeine per serving (about 2/3 cup of regular coffee worth of caffeine) including from Guarana, to help provide a lift that lasts. Can be used prior to a workout to help you feel energized, and contains Rhodiola used by Olympic athletes to support stamina and endurance.

KEY INGREDIENTS:

Guarana & Caffeine – 100 mg of caffeine, lower than other brands and about 2/3 of a cup of coffee. Two types of caffeine, including Guarana means it can help you feel your best as each enters the blood stream at a different rate so you can get a fast, and long lasting feeling of energy. Some studies show that Guarana may also help boost memory and focus, which is great for athletes or everyday life.

Low Sugar, Low Calorie – FENIX XT energy drink is a smart choice with only 5 grams of sugar, and only 15 calories! If you are watching your weight, you know that too much sugar is not good for weight or our health.

Arginine – Arginine Malate is an important amino acid that can help support muscle and activity. It can help support good nitrogen levels in the muscles, and with diet and exercise, can help you burn fat and build lean muscle.

Taurine – Taurine is an amino acid found in meats, fish, and other foods. Some studies suggest that Taurine, combined with caffeine can support healthy brain function and performance. FENIX XT™ Energy drink has less Taurine than other energy drinks, as too much may make you feel jittery. It helps support energy and performance, which can be helpful for an active lifestyle.

Rhodiola – This wonderful herb has been used by Olympic athletes to support stamina, endurance and energy, and in other products helping support mood, and more. According to a study published in the International Journal of Sports Nutrition and Exercise Metabolism in 2004, Rhodiola supported healthy muscle recovery and supported natural endurance.

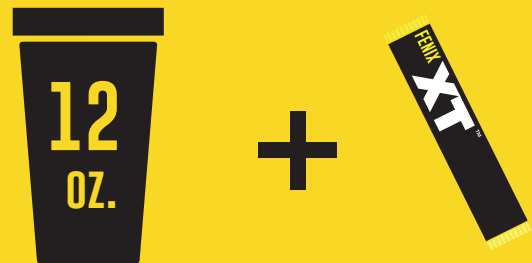

Vitamins & Antioxidant Vitamins – Organo FENIX XT contains B vitamins to support natural energy in the body and antioxidant Vitamin C to help protect the body's cells from free radical damage. When we workout, or are under stress, our body can release free radicals that can cause cell aging. The vitamins and antioxidants in the FENIX XT Energy Drink mix help you protect yourself from airborne challenges to the immune system due to working out, traveling, and more.

Did you know? Guarana has been used for centuries, and comes from the Amazon. Guarana naturally contains between 2.5 to 7 percent of caffeine. It also contains modest amounts of the related compounds theophylline and theobromine, which may help healthy blood flow.

A British study of 26 college students, published in the Journal of Psychopharmacology in 2007, found Guarana tablets boosted scores on a battery of tests for memory, alertness and mood compared with the same students' performance on a different day after taking a placebo.

HOW DO I USE FENIX XT™ ?

Mix into 12 -16 oz. of water, lemonade or your favorite beverage. For a more concentrated flavor, mix in 8 -10 oz. of water. You can consume 2-3 per day and still have less caffeine than many store bought coffee drinks.

WHY PART OF OGX FENIX™ PROGRAM?

The OGX System combines the best nutrients to work together to deliver results.

- Get better nutrition, save money with the great taste of the OGX FENIX™ shake. Luscious rich chocolate and creamy vanilla flavors.
- Help support your daily detox process with FENIX DX. Nourishing botanicals help support cellular detoxification, with soothing herbs to support a healthy digestive tract. All in a delicious pink lemonade drink mix.

- Add the power of our Ganoderma capsules, a superior antioxidant supplement to fight free radicals that get released when you workout. Ganoderma helps support cellular protection via the most studied mushroom in the world.
- For daily energy and hydration, boost your energy the healthy way with our flavorful mango peach FENIX XT energy drink mix! Supports athletic and mental performance so you can feel your best all day, every day.

Combine with our flavorful and rich coffees and teas, and you will see how amazing you can feel with OGX.
