

A tropical beach at dusk. In the foreground, the dark silhouettes of palm fronds hang from the top right corner. The sky is a deep blue with wispy white clouds. In the middle ground, a wooden pier extends into the calm sea. On the pier stands a large building with two prominent thatched roofs, illuminated from within, casting a warm glow. The lights from the building and the pier are reflected in the still water. The beach in the foreground is dark and sandy.

TRAVALLA™

FAQs

GENERAL FAQs

Join the Travalla Travel Gateway Portal to enter into a World of Travel.

The next step is to get involved with a Forever Week where you can make serious money and serious savings on travel.

What is Travalla and what makes it different?

Travalla is a travel vertical or division of ORGANO to be used by its Distribution Partners and customers so they may enjoy travel at affordable pricing.

Think timeshare but without the big costs! Many are aware of timeshare products where a purchaser pays \$15,000 to \$50,000 for one week of a condo in a year, or perhaps a week every other year, and that one week comes with a \$500 to \$1,500 annual fee (Home Owners Association dues) after the large up-front price. The larger the unit, the bigger the fees.

When did Travalla launch?

While OG launched in 2008, Travalla (the travel platform) was launched in 2019.

Who may join Travalla?

Travalla memberships are available to all OG Distribution Partners and customers. Travalla is not in the public domain as it has below parity pricing which, by legal agreement with contracted providers, is not allowed to be in the public view and hence you need a username and password to view the pricing, or you can log into the portal directly from your OG backoffice. So, anyone who is connected to OG as a Distribution Partner or customer may enjoy the benefits of Travalla.

How does Travalla work?

Travalla has 2 systems:

1. Travel Gateways Portal

A basic travel platform, similar to what you find online but with the same or usually with lower pricing for the vast majority of products. It has a help desk you may call for travel related questions, unlike other online travel services. On the Travel Gateways Portal you get to earn PQV with ORGANO when you sign up and also get CV or Retail Bonuses from your downline Distribution Partners or Customers that sign up to it, this is unique in the travel industry!

2. Forever Weeks

This system offers condos at fantastic pricing and **also enhances and expands your travel selections** with access to a Travel Concierge to personally work with you when planning your vacation. Get more cruises, hotels, vacation villas, Fantasy Getaways, Value Escapes, Premier Escapes, Staycations and curated content to make for the best vacation ever.

Forever Weeks come in 1, 2, or 4 Weeks per year for condo accommodations in addition to the above expanded inventory. For example, A **Forever Week 4** means the Member may stay for 4 full weeks at a condo resort location(s) with available space for 4 weekly stays for a small one-time fee compared to timeshares.

Within the Forever Week system, you may go to as many condos as you desire. You may get 1 week, 2 weeks or 4 weeks but instead of paying \$15,000 USD for one week, or more, you only pay \$1,500 USD for the right to use a full week every year at over 5,000 locations in 100 countries. You only have to keep the Travel Gateway Portal active and pay for the week when you want to use it and there are no additional HomeOwners Association (HOA), banking or exchange fees.

Travalla has negotiated special pricing at cost (wholesale) from the vendors/providers of condos for you, the Member. Other online providers only offer loss leader pricing for a few units out of the thousands available. This competition system providing units at a loss does not last long and becomes a bait and switch program. If you are lucky to get one of the 5, or so, units priced very low, then good for you as you only has to surf the web for 10 hours to find it. And if you try to get one of the units you may find that just at the last second you missed it..."someone else got it".

You can spend hours doing this or simply search on Travalla. And no, we can't guarantee to beat everyone's price every second but given apples for apples, we seem to beat of any deal out there at least 99% of the time. See it this way: you get to use a (timeshare) condo for a fraction of the price. And, you don't have to buy a property at inflated prices! The week you use is priced affordably and you can choose a resort anywhere in the world without trading or banking your week with the associated fees.

I see there are two websites. What are the differences?

We have two portals right now, the first one is the Travel Getaways one, where you can access your basic membership and all the packages and offers it has.

The second one is the Forever Weeks portal, where you will find even more special prices and offers. The added benefits to a Forever Weeks membership include: Concierge, enhanced Hotels and Cruises. Hot deals worldwide, premier Staycations, fantasy Getaways, Layaway travel programs, Theme Park Tickets, Restaurant discounts, Merchandise savings and discounts, curated trip packages, and more!

How many condo resorts are listed with Travalla?

Travalla offers accommodations in over 5,000 locations in over 100 countries. Any given week usually has over 200,000 condos for use by Travalla members. New resorts are always being added, so the number is always changing.

How much should I pay to join the Travel Getaways System?

First, you need to join by purchasing the Travel Getaway Membership by Travalla. This is the foundation of Travalla upon which all else is built. The initial membership fee is determined based on you being an OG Distribution Partner or a customer of an OG Distribution Partner.

OG Distribution Partners join for USD \$29.99/month or a discounted annual pay of USD \$300/year. Customers may join for USD \$49.99/month for a discounted annual pay of USD \$500/year.

Once you are a Member of the Travel Getaways Portal, you may then purchase a Forever Week(s) which has a greatly expanded inventory and Travel Concierge Services.

How much should I pay to join the Forever Weeks System?

Forever Weeks come in packages of 1 week a year, 2 weeks a year, or 4 weeks a year which provide the ability to acquire condo accommodations for the chosen number of weeks per year at wholesale pricing as well as the basic travel products over an extended inventory. Forever Weeks start with a one-time price of \$1,500 for Forever Week 1, \$2,800 for Forever Weeks 2, and progress to \$4,600 for a Forever Week 4 for Distribution Partners. These are the initial one-time fees that are not paid again as long as your membership does not lapse then you are good to go. While Forever Weeks are similar to timeshares, timeshare annual fees are usually between \$500 and \$1500 a year whether you travel or not. Forever Weeks just need the Travel Gateway Portal to be active along with the low condo fee depending on the location you are going to.

Are there any "activities" in the Forever Weeks portal or only in Travel Getaways website?

Only in the Travel Getaways portal.

TRAVEL GETAWAYS FAQs

When do I pay Travel Getaway Portal Fees?

You may pay these on a monthly recurring basis or on an annual basis which will save you some money.

Can my Travel Getaway Portal Fee increase?

Yes, it may, but it is not likely. As a membership organization, our goal is to always provide you the best price on all the travel and leisure benefits we offer. To do this, we do not take commissions like the kind that are acquired by online, public travel sites/agencies. We work with a reduced price and pass that on to our members so they pay a lower amount for their travel. Accordingly, we use the Travel Getaway Portal fee to offset the costs of delivering this outstanding service to our members. Therefore, your fees could increase from time to time but we do not expect a change in the coming years.

Can my friends use my Membership Benefits?

As a Member, you can make reservations that include your friends on any trip that you are taking, however friends are not allowed to utilize your membership directly on their own accord. You must be present at the resort with your friends as the booking is in your name. Remember, friends may gain full access as a Customer or Distribution Partner for Travalla and enjoy the benefits for themselves.

Can I change my password and change my contact email address for my Travel Getaways account?

Your login credentials for your Travel Getaways account is the same as your MyOGOOffice account. The only access to your Travel Getaways portal is through MyOGOOffice.

For Forever Weeks account holders though, they can change their password and contact email address; simply click on "My Account" located in the top right menu bar in their Forever Weeks portal.

What is travel Insurance and why should I consider adding it to my vacation?

Some travel is expensive, and in order to safeguard yourself, you should consider purchasing travel insurance. Travel insurance can limit your exposure for cancellation or interruption of your trip for a long list of covered reasons. Some include illness, death of a loved one, injury, loss or delay of baggage and more.

Travel insurance can also provide 24-hour, worldwide emergency assistance. Make sure to ask one of the friendly travel team members about using travel insurance to protect your vacation against any number of unforeseen circumstances. We know, no one "likes" to pay for insurance but travelers that have made a claim are happy to have the insurance and we have yet to have anyone give claim money back.

What happens if there are changes or updates to my Member Benefits?

While this printed guide lays out current Member Benefits and FAQs, we are always striving to add enhancements. Accordingly, since it's not practical to reprint this guide every time an enhancement is made, you will always find the most current (and definitive) online version on your member only website.

Can I travel last minute?

The answer is an unequivocal, YES!

However, you need to remember that old sayings are old sayings because they are typically true. Therefore, the old adage that says "The early bird gets the worm" is useful. Accordingly, while many times you can obtain good deals by traveling at the last minute, you must be flexible with your plans. If you are flexible on your destination and exact travel dates, or you can pick up and go at the drop of a hat, then many times we can find special deals for you that represent incredible value.

Our Condo Getaways are a good example of this. We typically have access to hundreds of resort condominium units that are available at the last minute on a worldwide basis. Full week stays can sometimes be as low as \$199 versus the typical \$900 from other sites, or more. Clearly, that represents great value and is offered on a space available basis only. For the most part, we recommend planning any vacation you are taking where your plans do not allow for flexibility.

Can I travel beyond the date when my membership expires?

If you book any trip where your dates of travel falls after the date when your membership expires, you will need to pay your monthly fee prior to being able to complete your bookings, or your travel. The pricing is based on you having an active Travel Gateway Portal.

How, and how often do you contact me with special offers?

We typically send out 2-3 emails each week with offers that have been specially negotiated for our members. These include a diverse array of offers that may include resort condos, cruises, hotel getaways and more. You can choose to opt out of any and all emails we send out at any time by calling our friendly customer service representatives.

In addition, each quarter, or more often we will conduct webinars, where a major supplier such as Viking cruise lines or NCL, produce a live one-hour webinar, the purpose of which is to introduce their product/service/brand to our members. The best thing about these is that we always have pre-negotiated killer deals to offer members attending. They are not only fun but they are informative and the savings are amazing.

Do you offer any sort of price match guarantee?

On the Travel Getaways portal the goal is to provide wholesale pricing using Points you have accrued from your initial sign-up fee and from any other payments from which you accrue Points from. These Points are used for a 1 point equals a \$1 price reduction which you use to get your pricing down to a wholesale level for travel items. The amount of Points needed or used to get to a wholesale pricing varies by brand/vendor. Once the whole price is reached by using points then no more points can be used to reduce pricing to below vendor cost.

In the Forever Weeks Portal, for an additional signup fee to purchase a Forever Week, you not only get expanded inventories but also gain a low price guarantee without the use of Points. This guarantee is found under the resources tab.

We guarantee our pricing against any other published pricing, available to the general public, for the same exact travel. At a minimum, this means the same arrival and departure dates, the same property, the same room, the same size unit, the same cruise line, the same cabin, the same itinerary and the same departure and arrival dates. Notwithstanding the foregoing, we cannot match consolidator fares, fares that have been acquired through auction or bid, fares that are non-refundable due to supplier policies, such as hotel bookings where a special rate was received in exchange for the booking being non-refundable, cruise fares that are paid in full and fall within the final penalty period (normally 90 days from sailing), and are therefore non-cancellable by the cruise lines, or Internet fares for which we cannot verify the price and exact itinerary. We also are not able to match pricing for either domestic or international flights.

Does a membership run on a calendar year or the date submitted on the application?

Memberships are monthly payments or annual payment from the date the application is received by Travalla. Members who pay annually receive a renewal notice each year, approximately two months prior to the anniversary of their initial application.

Do I need a membership card?

No. Your login identity and password will link you to the website you will use to purchase travel items.

Does my membership include my children and other relatives?

Your Travalla membership does include immediate family members under age 24 which live in your household. Relatives can access and enjoy the Travalla benefits when they purchase their own membership through you as a Distribution Partner.

What happens to my membership if I do not pay the Travel Getaway Portal monthly or annual with Travalla?

Your membership remains valid until the expiration date on your membership based on monthly or annual payment start date.

If I own Forever Week, but my Travalla membership is expiring and I decide not to renew now, may I renew it at a later date?

Yes, the reinstatement fee costs \$350 per year or any part of a missed year for OG Distribution Partners or \$550 per year or any part thereof for OG Distribution Partner Customers to bring the renewing Member up to current payments in addition to the current renewal fee due from thereafter.

What does the Travalla Travel Getaway Portal membership include?

A Travel Getaway Portal membership includes access to general hotels, a taste of Forever Week condos, cruises, auto rentals, air, shopping with USA delivery only, excursions and various other items but the Portal does not include the Forever Weeks nor the concierge program.

Must I always make reservations in advance?

We recommend that you make reservations as far in advance as possible to ensure space is available. Accommodations are on a first come first served basis and no resort, hotel or cruise has unlimited capacity. Planning is key to reserving vacation stays and activities.

Am I always guaranteed a space or rental accommodation at a host resort?

All reservations are made on a space available basis at the time of booking. Travalla cannot guarantee fulfillment at a specific resort, no travel program can do that.

May I use all of the resorts Travalla has listed?

If space is available, yes. But, don't expect to get New Year's Eve reservations the week prior to that holiday, or any other major holiday for that matter in a specific location. Plan ahead and you will be in great shape for a memorable holiday/vacation.

How often may a member visit a resort listed in Travalla each year?

As many times as they like but the best deals are from the Forever Weeks system.

Why do some resorts have extra charges for certain things, such as horseback riding?

Resorts may have extra charges for certain amenities and facilities. These fees are determined and collected at the resort and may be provided to an outside vendor providing services to the facility.

What are the price ranges for condominiums?

Rates will vary for different quality of resorts or hotels. The idea is to be at a wholesale price for condo's used under the Forever Weeks. Resorts can go from \$199 to \$950 per week on average with some more and a few less than that. All are based on location, amenities, season or size, and are set by the affiliated building owners.

Must all reservations be made by logging in to the Travalla System?

The vast majority will be made just that way. There will be times when the help desk may be needed to aid in booking some item. Should a more complex Forever Weeks vacation be in question, you may need help then the Concierge, especially if you travel many times during the year.

What are the refund policies on accommodations?

Refund policies vary by the site be it a hotel, condo, or cruise. They can be found on the site that you are booking or in your booking paperwork.

Must I always make reservations in advance?

We recommend that you make reservations as far in advance as possible to ensure space or other items are available. Accommodations are on a first come first served basis and no resort, hotel or cruise has unlimited capacity. Planning is key to reserving vacation stays and activities you desire. Don't forget about the getaways that are "last minute" deals.

How can I search for places to visit without knowing what is available?
