

ADVANCED ENERGY & FOCUS**

POWDERED DRINK MIX

WHAT IS IT?

Fenix CXT™ is a refreshing kiwi and apple flavored drink mix specially formulated to help support focus, mental clarity and energy.*

FEATURES & BENEFITS:

Fenix CXT™ is a unique blend designed to help support cognitive function, mental alertness, and focus, along with the “gut-brain” axis which is so important to good health.

KEY INGREDIENTS

Organic Cordyceps Extract - Cordyceps has a long history of use in products to help support stamina, endurance and energy. Used by Olympic athletes, it can support ATP (energy) in the body for better performance.

Organic Lion's Mane Extract - These white, shaggy mushrooms contain bioactive substances that may have beneficial effects on the body, especially the heart, brain, and gut, and may help fight oxidative stress in the body which can lead to inflammation.

Lactospore® - contains a special probiotic, lactic acid bacteria, which is known for its role in helping support the gut-brain axis and our overall health. It promotes digestive health, may help strengthen the stomach lining, and boosts immune health.

Green Tea Extract - Green tea has been studied for decades due to its many health benefits. Some research shows that it can help support good memory and cognitive function. Green tea also contains polyphenols, antioxidant compounds that fight free radicals and support better health.

L-Theanine - L-theanine is an amino acid naturally found in green tea, black tea, and some mushrooms. L-theanine can help support mental focus, better sleep, and an uplifted mood.

Caffeine & Vitamin B-12 - Fenix CXT™ contains 100 mg of caffeine, or about 2/3 of a cup of coffee. So instead of getting jittery like with other energy drinks, you'll get a gentle lift that lasts. And we included Vitamin B-12 to support the body's natural processes and give you an extra efficient boost of energy.

DID YOU KNOW?

Probiotics don't just support a healthier gut...They also improve your immune system and brain. That's because 95% of your serotonin, which impacts your sleep, mood, and brain, is in your gut. So when you balance your gut, you also balance your brain - and your life.

HOW DO I USE IT?

Mix 1 stick pack in 12-16 fluid ounces of water, lemonade, or your beverage of choice and enjoy! Adjust the amount of liquid to change the intensity of the flavor as desired.

You can drink Fenix CXT™ 2-3 times a day and still consume less caffeine than you would get from most store-bought coffee drinks.
