

X-Brace Assembly Instructions

1: The stand comes with a base stand and 2 extension rods.

2. Gently stretch the base stand apart until its maximum threshold.

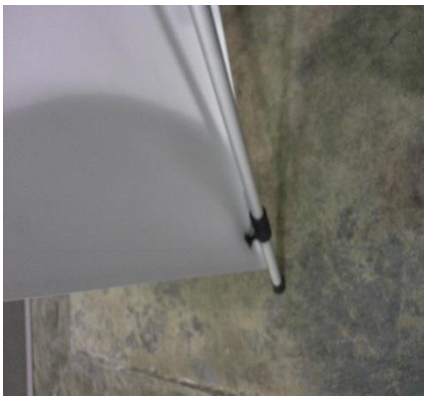

3. Insert the 2 extension rods into the top middle section of the base stand.

4. The stand should look like this with the hooks facing you from this angle.

5. Hook the top banner holes on the extension rods and do the same for the bottom banner holes on the legs of the stand. Adjust the hooks on the legs to your liking.

6. Your banner is complete.
